Borsody family

SIGN IN TO EDIT

Borsody (**Borsodi** in the original Sapkowski novels) is the surname of an elite Redanian family. They were once merchants with horses and sheep, but by the mid-13th century they had managed to rise so much that the Borsody Auction House became the largest and most reputable in the Northern Realms, located on Novigrad's main square in an impressive three-story building.[1]

The following is considered game canon only and may contradict Andrzej Sapkowski's works.

Later on, during the 1270s, when King Radovid V offered them zero percent taxation policy, they relocated to Oxenfurt.[2]
